This is the first, complete unofficial guide to Elex. It offers a number of useful information, enabling you to familiarize yourself with the essential in-game mechanisms and mechanics, as well as learn more about the game's vast open world.u0026#xa0;u003cbr /u003e

This guide features a collection of various advice, ranging from combat, exploration, meetings with NPCs, crafting and customizing items, stealing and hacking, completing quests, regaining health, or recruiting companions, to choosing the difficulty level. A lot of space in our guide has been dedicated to a chapter about character leveling. It offers information about attributes and skills, and includes tips and hints on the best character development paths.u003cbr /u003e

The factions are an essential element to the game, and there wouldn't be a guide without them. Each of the three factions - the Berserkers, the Outlaws, and the Clerics - has been described in detail. The guide will inform you about their specializations and how you can join them. The next big section is the FAQ. The most important topics include: amassing experience easily, getting rich quickly, the best order in which to visit cities, the reasons and rules for using teleporters, and avoiding a miserable death right off the bat.u003cbr /u003e
