Breeze Thompson is an established Christian author in New York City and her life and career were going well when she met a tall handsome stranger. This mysterious man could be the answer to her prayers or could he be a wolf in sheep's clothing. Her faith is tested beyond its limits as she embarks on a new chapter in her life and gives love one more try. Sean Maverick has many dark secrets and when he steps into Breeze's life clues begin to peel back the pages of deception that surround her. Nightmares consume her at night and she doesn't know if they are a warning from God or herself being afraid to trust again. Breeze puts her life, her career, and her faith all on the line for love and this could possibly be the biggest mistake of her life. Will her faith in God be strong enough to save her from the whirlwind that is about to completely engulf her?
