PAHOA VILLAGE UTILITY POLES EBOOKS 2019

Author: Kevin Shlosberg

Realese Date: Expected @@expectedReleaseDate@@

A photo essay in a hybrid-spirit of Aaron Siskind and Edward Ruscha. Contains about 20 color images. An exploration into texture, variegation, and color, this book has left the author's mother saying, 'Tut, why can't you take normal vacation pictures?' The interesting thing here is that lava is now slowly approaching these very utility poles. Best to get a record of these wonderful works of art before this eBook, too, suffers the fate of volcanic activity!
