PROJECT PARRABATTA EBOOKS 2019

Author: Daniel Stooove

Realese Date: Expected @@expectedReleaseDate@@

Parrabatta is a kinetic sculpture that is both organic and steampunk-looking, and can be piloted by one to three people. One person controls the main body and carrying the body, while the other two support the wings. It uses a mechanism that extends and folds the wings using two poles to control them. The organic part of the bat is the main body, where it has textured skin. The steampunk part is its mechanical looking features, such as the gears, the metallic textures and the steampunk goggles.
