TAKE THAT THE CIRCUS EBOOKS 2019

Author: Take That

Realese Date: Expected @@expectedReleaseDate@@

After successfully effecting one of the greatest pop comebacks in history, boy band-turned-credible vocal group Take That release their fifth studio album, the second after their return. Led, as ever, by the song writing talents of Gary Barlow, this release is similarly epic and romantic to its predecessor (2006's *Beautiful World*, with songs such as *What Is Love*, *How Did It Come To This* and the single *Greatest Day* standing out the most). Producer John Shanks returns for a second collaboration with the boys, repeating the success of his work with them on *Beautiful World*.

This band-approved matching songbook contains all thirteen tracks, including the hidden track, arranged for Piano, Vocal and Guitar Chords.
